Networking Hall

Join

If you attended the last two events, you may have done this before, so it will be easier this time around. If this is your first time visiting the Networking Hall, not to worry, it is easier than you think!

The Networking Hall is your opportunity to meet other attendees virtually face-to-face during the Virtual Networking Break. Inside the Course platform there will be multiple Networking rooms to choose from and once you join a room, you'll be joining in on a video chat where you can meet delegates and sponsors. To make the best of your experience, we recommend turning on your web camera and ensure you have a good microphone. Also take advantage of reviewing the materials that are posted by each sponsor in their respective booths. Most sponsors will have PDF versions of their materials, videos, and some may post Raffles/Contests within their Booth, so be sure to visit all of them. Make an appointment in advance to meet with sponsors independently or within a group session during their "Open Hours". Grab your beverage of choice and join in on the networking!
